They're using a JavaScript viewer so it is a little different from the FlexViewer you're used to seeing. If you need a hand, let me know and I can give you a hand walking through it.

Folks,

Region 8 has a viewer set up for the Gold King Mine site on epaosc.org (http://epaosc.org/site/site_profile.aspx?site_id=11082). You will need to be logged in to access the viewer. Once you are on the epaosc page, the map link is in the bottom left corner.
